

Participants'

DEAR participants,

Non Formal Education has existed for as long as we know. But only 'recently' it has been given the clarity and recognized importance it deserves! We are therefore also very pleased and enthusiast, knowing that you will participate in this Training Course (TC) focusing specifically on **Non Formal Education**. We hope that this training course will make a change in your daily work!

We are looking forward to welcome you on this TC and to work together with you on the different aspects and quality elements within **Non Formal Education**!

We hope that you are as excited as we are with this TC which is specially designed for experienced and new users of European mobility Programmes, especially the **Erasmus+ Programme** (section Youth in Action).

This TC is not only based on a 'one way information-flow' but requires a proactive participation from you. Therefore the importance of this information before the start of a hopefully adventurous, challenging and inspiring TC!

This pack contains all the important topics and information which regards you as participant. Having read, understood and agreed upon all of this will allow you fully to enjoy and involve.

Please **read carefully** next chapters. We have tried to include all possible information in this pack, even the apparently obvious topics. Don't hesitate to contact us in case something might not be clear. At a later stage (after the selection procedure) you will receive further practical information in relation to your stay, the training etc.

The trainers' team.

BRIEF DESCRIPTION OF some aspects...

For whom?

- All actors in the youth field (youth leaders, youth workers, local authorities...).

Participants should be at least 18 years old and should have a **good level of English**. Group size: max. 30 participants

And 'to do what' more concretely?

- To analyse the role and perception of NFE in our different countries within a common Europe.
- To understand how NFE methods and approach can be used to promote cultural diversity and intercultural learning (ICL)..
- To fight against the growing consuming approaches towards young people in the non formal education field and to work on their *real* active participation.
- To explore meanings, roles, and complementarities of different educational approaches and methods (formal, non formal, informal).
- To reconsider daily youth work practices.
- To understand the principles of NFE within Erasmus+ and its effects on elements as programme building etc.

THE PROGRAMME

The pedagogical process

The TC is not limited to the couple of days the participants spend together but starts before the actual encounter, through a Facebook group. Participants should therefore be well aware that they will be actively involved from the very beginning.

A fundamental flow during the training

- Experiencing: different educational settings, different non formal education methods (role play, simulation game, exercises...).
- Reflecting: on the methods and its impacts, on the power and limits of NFE, on building a pedagogical process...
- Transferring: to the own reality of participants, in order to improve ways of working with young people.
- Sharing: different perceptions, current situations and experiences.
- Developing: the building capacity of the participants, by including them in the decision process of the project designing (participants will decide some sessions they feel they need to have) but also in the implementation of the program ("Power to the People the People who are you" moments).

EUHM ...FREE TIME?

When you look at the programme (page 5), you will notice that free time is very sparse. In case you wish to see more of the country, we advise you to come earlier or stay longer (of course, at own expense!). As you make the travel anyway, this might be a good opportunity. Check with your National Agency for possibilities concerning the dates of your ticket.

We wish to inform participants that this training course is very intensive, not in physical terms but in terms of 'working time'.

FOR YOU TO BRING...

ABOUT YOUR ORGANISATION

During this training course, <u>we will not have</u> an organised time slot for each one to present his/her organisation. However, there will be informal opportunities to do so. In case you are interested to do so, we encourage you to bring as much –relevant- materials as possible. In case you wish to bring PowerPoint Presentations or USB with pictures, there will be an opportunity to show these during the informal moments and the coffee breaks.

Useful to bring with you (in case you wish to share this with others):

- English information about your organisation
- All relevant information you have on the <u>previous international project(s)</u> you've organised / been part off (reports, gadgets, press releases,...).
- Picture, posters, etc.

ABOUT YOUR COUNTRY / REGION / TOWN

Most of you have probably experienced before an 'Intercultural Evening'. Also during this training course we plan to organise this. There will be 2 evenings: one evening you will have dinner with local families in their house in international small groups, and the last evening you have the opportunity to share all your gastronomic specialities with these families and the population of the village, during the final public event.

So we invite you to bring posters, postcards, leaflets etc.

Please note that if you bring with you videos you will only be able to watch and show them during your free time, which is sparse. We also wish to invite you to bring gastronomic specialities from your region or country: food (attention: it is possible to heat up food, but don't count on cooking as such) and drinks for this 'Intercultural Evening'.

Bring traditional/typical and party music, or other special things typical from your country that you want to share with us during this evening and other evenings. Bringing with you different board games or a music instrument to be used at informal times is not forbidden! ©
